About Us

The mission of courageous heARTS is to co-create experiences with young people by offering them a safe space, built with the intention to heal and empower-- through expressive arts, community building and leadership development. Youth will discover, heal, and strengthen their hearts so they can thrive as active, engaged, and courageous members of their community. We believe that healing requires courage, not a diagnosis-- and that creative expression, in its many forms, is where courage can take root and grow strong.
